RULES AND REGULATIONS

- Tree removal contractors must be licensed through the City of Woodland.
- Significant trees are 6" DBH or more.
- Trees that are not significant may be removed without a permit.
- A landscaping plan must be submitted as part of this application for intensive vegetation clearing or if tree replacement is required.
- If the tree is diseased or invasive, then no replacement is required. An arborist report is required to verify the diseased or invasive tree.
- The tree preservation regulations are found in Section 900.19 of the City Code.
